

Cabinets

The Kapsch cabinets specifically designed for use with JANUS® Readers.

Since 1993, Kapsch has provided tried and true technology to agencies throughout North America.

Kapsch TrafficCom is a leading and experienced global provider of high-performance intelligent transportation systems. With its end-to-end portfolio, Kapsch offers solutions across its customer's entire value chain — from single products and components, to fully integrated turnkey systems and solutions in the applications of electronic toll collection, commercial vehicle operations and highway traffic management. Kapsch 915 MHz products and components offer an open, modular and flexible design, allowing our customers to meet individual market demand.

Cabinets

Kapsch cabinets are designed to withstand the harshest environment nature has to offer and ensure the installed equipment is immune to the outside elements.
